If anyone's personal watch-time differs by more than a second or two from their time above please let me know and I will happily correct the official results.

No report of the race, but a word of thanks to all the runners and spectators who turned out on such a miserable night weather-wise. Also, congratulations to Stephen on his victory and on setting a new course PB as well as to Robin and Dan, who also set new personal fastest times over the course, and to Phelim who produced the fastest time of the night. Finally, thank you to the Wine Bar for its continued sponsorship of the handicap series; to Elaine for organising the prizes; to Bernard for his help with the time-keeping; to James for marshalling; and to Denise for the much appreciated post-race refreshments.

The next handicap, the hill climb from Ballygally to Knock Dhu car park, is on Tuesday, 2 July - check website for further details.

Note: In 2010 and 2009 the distance for this handicap was 5 mile rather than the 4 miles of this year's race.
